SERVICE ACTIVITIES

Muzun Co. Used

- **HGY-650 Drilling Rig**

Product category: exploration drilling machine

Use: for geotechnical investigation, exploring, prospecting, water well drilling;

Widely used in the construction of the projects e.g. prospection, railway, road, port, bridge, water conservancy and hydropower, tunnel, well, industrial and civil construction, geological exploring, large diameter boring pile and small diameter diamond core deep hole drilling, etc.

Drilling Depth: 650 m.
